

BOOKING INFORMATION & REGULATIONS

If you are in Korea, Taiwan or China, you should contact our sales representative in each area. For contact information please visit our website at http://intermold.jp/english/overseas_agents.html

1. BOOTH SIZE

3,000W x 3,000D x 2,700H (m/m)

*This is the minimum unit to be accepted as a regular booth. The booking will be accepted on a booth unit basis. If booking for more than 4 regular booths (36 sq.m.) the exhibitor can choose either double line combination or single line combination. For 36 sq.m. booking : the secretariat can arrange both 6m x 6m, double line or 3m x 12m, single line according to the request by the exhibitor.

If you have any inquiry about the booth size, please consult with the secretariat office.

2. BOOTH RENTAL CHARGE

Basic Type **¥336,000/ Booth** Raw space only

Exhibitors will have to order the booth construction company for the booth construction by themselves. If exhibitors need some help for that, please consult with the secretariat office.

*5% consumption tax is included in the above cost.

Shell Scheme Type **¥409,500/ Booth**

Shell Scheme type including wall panels (Back, Side), carpeted floor space, two fluorescent lights, two spot lights, one outlet (100v/300w), fascia board with the company name, one information table with a folding chair, electric wiring charge(1kw).

*Electricity charge is not included. The exhibitors will have to pay it until the last day of the exhibition period.

*Only 1 set of an information desk and a folding chair will be utilized regardless of the number of booked booths.

*5% consumption tax is included in the above cost.

3. OTHER COSTS

Exhibitors must bear all expenses that are needed their promotion in the show other than booth rental charges such as booth building cost, electricity, compressed air, rental furniture, travel, accommodation, catalogues, and so on. Exhibitors who booked Shell Scheme booth can save a lot of booth building cost. Normally it depends on how many additional things exhibitors order. If you need further information about the cost, please contact the secretariat office.

4. POLICY FOR APPLICATION & CANCELLATION

Anyone who tries to reserve exhibit space must submit the complete application form with the authorized signature via fax or email. After the secretariat office receives it, the exhibit space will be secured for the exhibitor. The exhibitor must also be financially responsible for the reserved space. **Payment must be completed within 30 (thirty) days after the secretariat office issues an invoice.**

If the exhibitor tries to cancel all or part of the booked space, the exhibitor must inform the secretariat office in writing. The date the secretariat office receives the letter of cancellation is considered as the official date of cancellation. After the application deadline, the exhibitor will be responsible for all or part of the cost for the space contract. The exhibitor must pay the cancellation charge in accordance with the following scale.

Period in which cancellation notice is accepted	Cancellation Charge
December 28, 2012 - January 31, 2013	75% of Total Booth Rental Charge
After February 1, 2013	100% of Total Booth Rental Charge

Note : The secretariat office will not accept any tentative reservation for exhibit space. Submission of the signed application form is considered as an official space reservation.

5. PAYMENT METHOD

The secretariat office will issue an invoice after processing the written application form sent by the exhibitor. **The exhibitor must make the necessary arrangement of payment within 30 (thirty) days after the date of the invoice issuance.**

Note:*5% of consumption tax will be added to the total amount of all charges.

*Application will be turned down if the secretariat office has determined that the exhibits don't fit in the contents of the exhibition, or when the space is fully booked, or the payment is not completed appropriately.

*Payment must be made by bank transfer in Japanese Yen at the time of the application.

*Please note that the secretariat office will not accept credit cards, checks, and money orders.

*The booking with unpaid all or the part of booth rental charge will automatically be cancelled by the secretariat office a month after the acceptance of the application. The applicant must be aware that the secretariat office and the organizer do not accept any complaints about the damage occurred by this rule.

6. BOOKING PROCEDURE

1. Visit our website at "<http://intermold.jp/english/>".
2. Please download the application form from our website.
3. Fill out the form and send it to the secretariat office via fax or e-mail.
4. The secretariat office will issue you an invoice.
5. You are requested to pay the full amount of the booth rental charges within 30 (thirty) days after the invoice issuance to secure your booking. (See "Payment Methods" for detail)
6. Your booth reservation has been completed.

7. POST BOOKING PROCEDURE

◆FLOOR PLAN

The Floor Plan is arranged by the secretariat office after the deadline of the application process. It takes a certain amount of time to be checked by several government officials. The exhibitors will be informed after these procedures finish.

*The secretariat office reserves all rights regarding the floor plan, and no complaints about it will be accepted.

◆EXHIBITOR'S PACKET

Exhibitor's Packet that includes Exhibitor's Manual, Application Forms for the exhibition preparation, Badges and so on, will be provided to exhibitors around February, 2013. All exhibitors must check everything in the packet and go over the manual carefully. Exhibitors are responsible for doing the preparation promptly and properly within the deadlines designated on the manual.

*The secretariat office will not be responsible for any disadvantage that may arise from the failure of doing the preparation of exhibitors.

◆EXHIBIT ITEMS FROM FOREIGN COUNTRIES

Tokyo Customs office may not recognize this fairground as "Bonded Exhibition Area", if we have few offers of "Bonded Exhibition Area".

In that case, please use the ATA Carnet when you ship your exhibition cargo to Japan.

If you don't use ATA Carnet, all items must be cleared through regular customs formalities paying applicable duty and 5% of consumption tax. Duty and consumption tax you paid can not be refunded.

INTERMOLD 2013

Die & Mold Asia 2013

JAPAN METAL STAMPING TECHNOLOGY EXHIBITION 2013

17 - 20 April, 2013
Tokyo Big Sight, Japan

<http://intermold.jp>
<http://intermold.jp/mp/>

Must-Visit technical exhibition for die, mold and metal stamping industry!

OUTLINE

TITLE

INTERMOLD 2013
Die & Mold Asia 2013
Japan Metal Stamping Technology Exhibition 2013

PERIOD & HOUR

April 17th (Wed.) - 20th (Sat.) , 2013
10:00a.m. - 5:00p.m.

VENUE

TOKYO BIG SIGHT (3-11-1 Ariake, Koto-ku, Tokyo 135-0063)

SCALE OF EXHIBITION

17,020 sq.m.

EXPECTED ATTENDANCE

50,000 visitors

ADMISSION

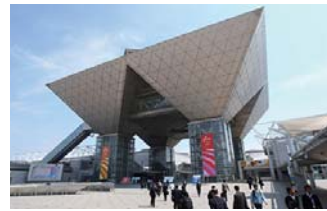

JP ¥1,000 (Free of charge with Invitation Card)

ORGANIZERS

Japan Die & Mold Industry Association
Japan Metal Stamping Association

MANAGEMENT

INTERMOLD Development Association

FACTS & FIGURES (The year of 2009 in Tokyo)

INTERMOLD 2011, Die & Mold Asia 2011 and Japan Metal Stamping Technology 2011 were canceled due to the damage brought by the Earthquake and the Tsunami in East Japan on March, 2011. For further detail of 2011 show, please visit our website.

The 20th INTERMOLD / Die & Mold Asia in conjunction with The 3rd Japan Metal Stamping Technology Exhibition held in Apr. 8 - 11, 2009 took place in Tokyo Big Sight.

SCALE OF EXHIBITION

17,020 sq.m.

NUMBER OF EXHIBITORS

287 Companies and Associations, Total : 835 Booths

ORIGIN OF VISITORS

Albania, Austria, Brazil, Canada, China, Columbia, Germany, India, Israel, Italy, Japan, Korea, Malaysia, New Zealand, Peru, Philippines, Russia, Singapore, Switzerland, Taiwan, Thailand, UK, US, Vietnam

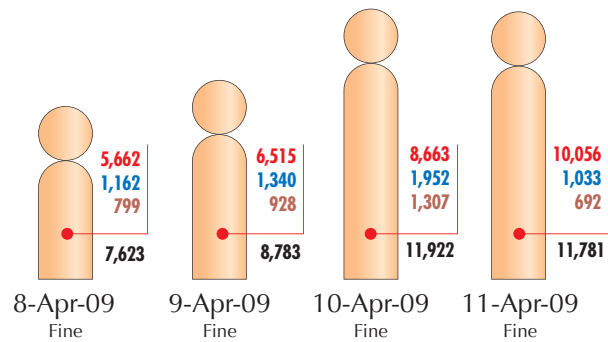

NUMBER OF VISITORS

40,109 visitors

INTERMOLD TOTAL **30,896**

Die & Mold Asia TOTAL **5,487**

Japan Metal Stamping Technology Exhibition TOTAL **3,726**

EXHIBITORS ANALYSIS BY FIELD OF INDUSTRY

CATEGORY	NO./COMPANY
Molds, Mold Materials	121
Metal Machine Tools	40
Machine Accessory	38
Cutting Tools	37
Miscellaneous Tools for Machines	25
Molding System & Related Apparatuses	49
Various Oil, Chemical Products	10
Metal Forming Machines	9
Press, Accessories & Tools For Forming Machine	10
Plastic Forming Machines	13
Precision Measuring, Optical Measuring Machines & Instruments	30
CAD/CAM/CAE Systems	54
A Trial Production, Modeling	14
Technology of Precision Parts	65
Various organizations & research organizations	8
Other Related Machines & Equipments for Die, Mold & Metal Working	9
Technical Literatures & Data Concerned with Die, Mold & Metal Working	9

EXHIBITS DESCRIPTIONS

INTERMOLD 2013

The exhibition for die and mold manufacturing technology with:

Metal Machine Tools, Machining Tools, Metal Forming Machines, Grinding Machines, Molding Machines of all kinds and related equipment, Mold Bases, Die & Mold Materials, Die & Mold Working Systems, High Speed Steels, Cemented Carbide Tools & Diamond Tools, Grinding Wheel & Abrasive, Precision Measuring, Optical Measuring, 3D Measuring, CAD/CAM/CAE Systems, Rapid Prototyping, Ultra High Precision Manufacturing Technology, Design and Modeling Service Bureau, FA Related Apparatuses, Literature Related to Die & Mold Manufacturing

Die & Mold Asia 2013

The exhibition of the die and mold by the die and mold makers for the parts manufacturers with:

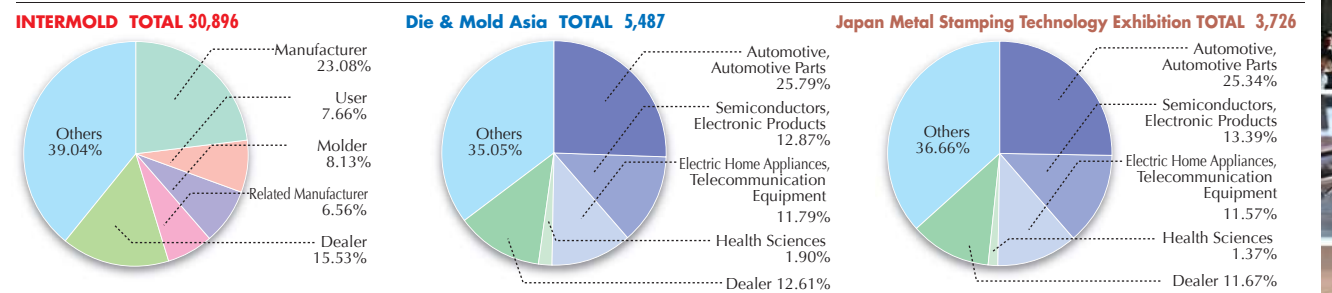

Molds, Mold Materials, Mold Components, Formed Products, and Other Related Products and Technology

JAPAN METAL STAMPING TECHNOLOGY EXHIBITION 2013

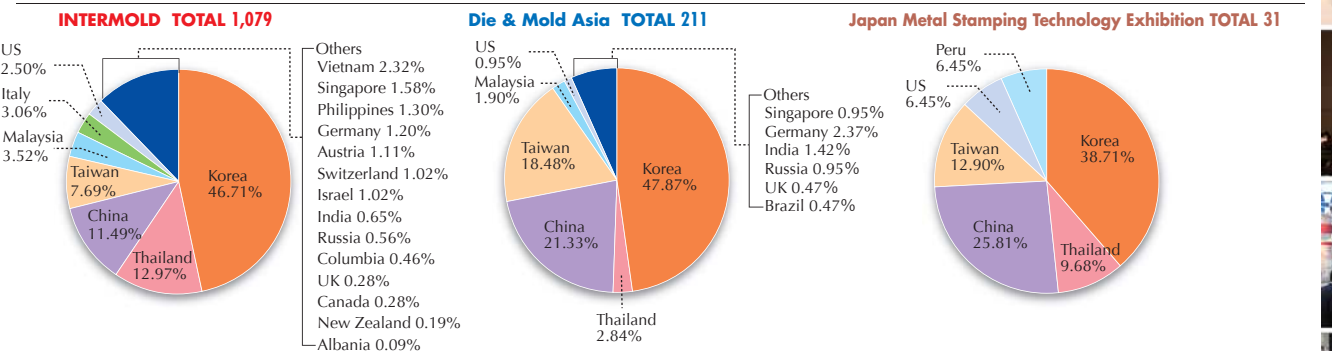

The exhibition that metal stamping manufacturers and machine makers present their state of the art metal working technology with:

Metal Stamping Technology, Press Forming Machines, Servo Press Machines, Transfer Press Machines, Forging Press Machines, Accessories & Tools for Forming Machines

VISITOR ANALYSIS BY FIELD OF INDUSTRY

VISITOR ANALYSIS BY COUNTRY / AREA

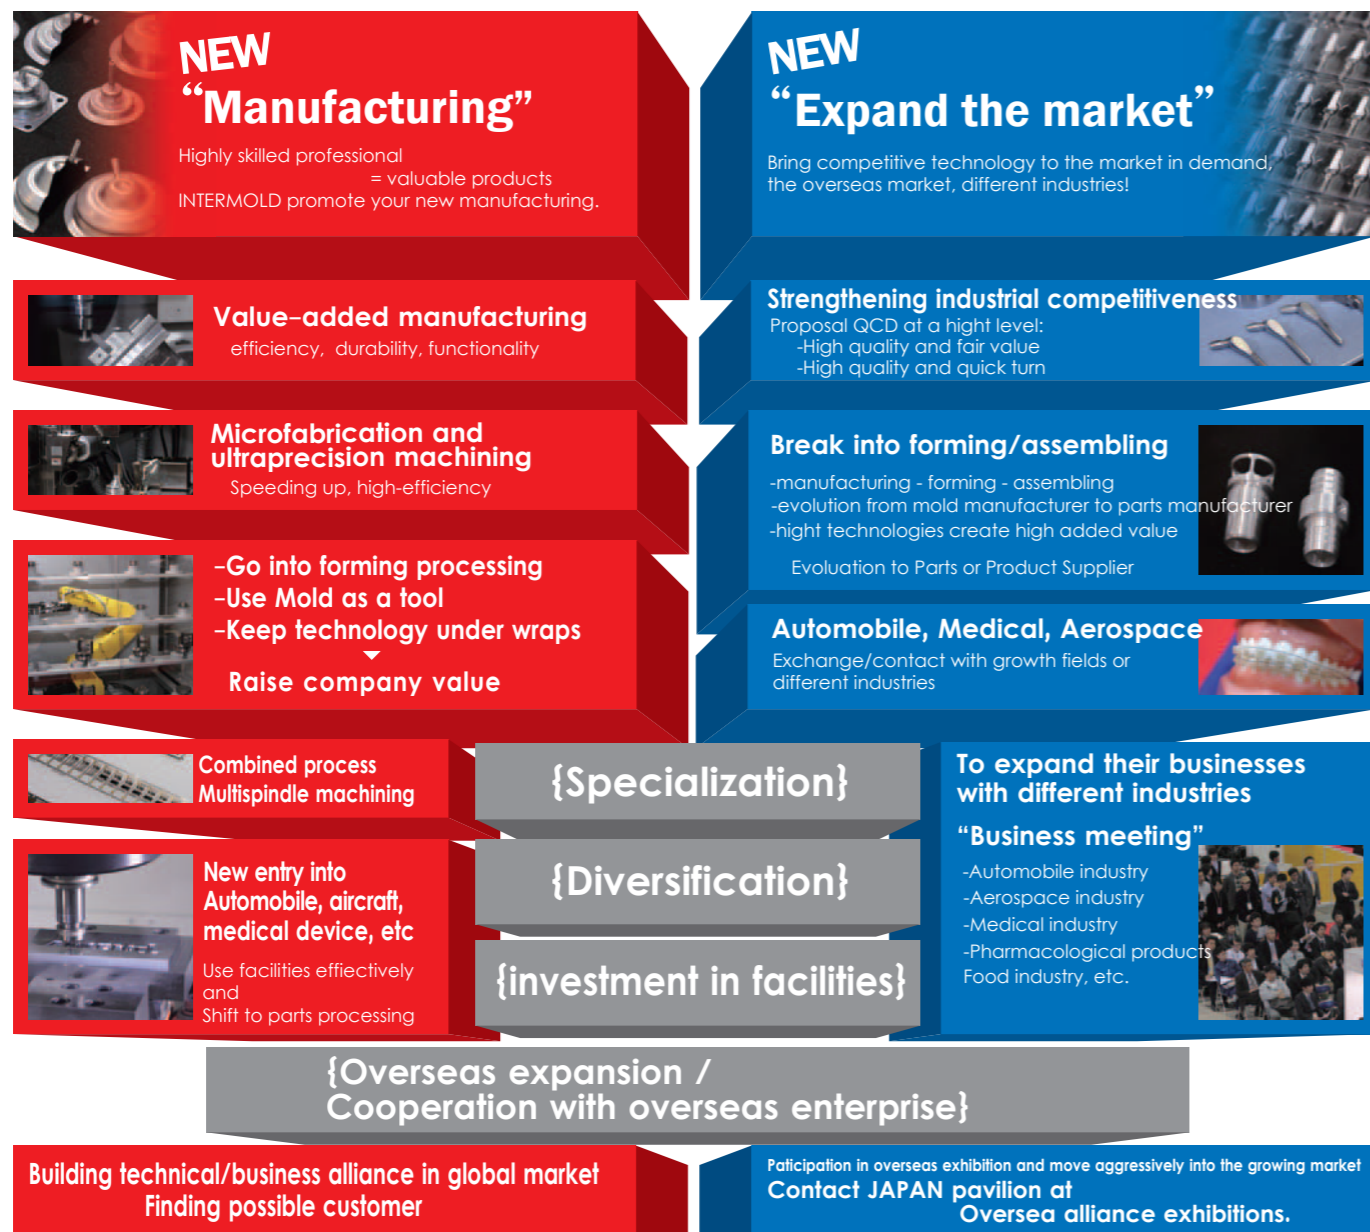

**Molding and Metal Stamping Technology support
Japanese manufacturing technology**

**In an increasingly globalized world, it is important for us to
develop and expand manufacturing technology.**

Advance to the leading edge of manufacturing technology.
That is a source of competitive technology for highly-functional parts and member.

Focus on the Strengthening of Molding Industry Cluster

Molding + a × a = Manufacturing Enterprise
High-function Parts & Materials Manufacturing

ACTION and SPEED are inevitable for INNOVATION.

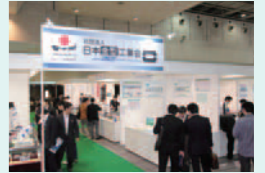

Enhanced 3 contents raise show value.

1 "EXHIBITION"

INTERMOLD is the best place to provide your technology, service, company information to international market. Promote the highest level with confidence, extend your competitive edge.

Japan Die and Mold Industry Association booth

-Technological proposals by Mold manufacturers
Latest molds or formed samples are exhibited. The manufacturers introduce their design, production, forming, fabrication technology. You can have any specific consultation or business meeting with them in the show.
-Technical competition by students
Students address the challenge to produce some injection mold or press mold and report their challenge. University students from Japan, China and Korea compete in technology.

Japan Metal Stamping Association booth in Japan Metal Stamping Technology Exhibition

Members of Japan Metal Stamping Association showcase their product samples and technological proposals. Ultraprecision machining, ultrahard material, complicated fabrication, microfabrication are introduced. You are exposed to more specific technology.

Cooperation Association booth Exchange with different industries brings something new.

"Japan Auto Parts Industries Association", "Manten Project", "OWO".
Auto parts or aircraft parts are showcased and promoted the cross-industrial exchange.

Inerlock with the alliance exhibitions As a part of global companies.

INTERMOLD Alliance Exhibitions: EuroMold, asiamold, RosMould, arabiamold, EuroMold Brasil
INTERMOLD organize Japan Pavilion in each show to expand Japanese technology and service to the world. Also, Each show has the own promotion booth in INTERMOLD and also bring their participants to find partners in Japan. You can have a business meeting with them.

Themed manufacturing zone

Exhibitors propose some hot manufacturing technology or exchange proposal with cross-industrials. INTERMOLD promote the collaboration between the world's most advanced technology in JAPAN and the technology in new field, outside the industry or the global enterprises.

2 "LECTURE"

INTERMOLD attracts a lot of attention from visitors who are interested in the latest trends by picking up hot topics in manufacturing industry, and pulls them to the exhibition halls. It creates meaningful opportunities to expand the business both for exhibitors and visitors.

Keynote

The speaker is invited from Mold manufacturers, aerospace industry or energy industry. You can study those company's approach or latest news.

Special lectures by organizers

Japan Die and Mold Industry Association and Japan Metal Stamping Association are held special lectures about their latest industry news or their future tasks. ex. engineering proposal, development of human resources, management or overseas expansion

Seminars

Cooperative associations have some seminars.

3 "BUSINESS MEETING"

Make INTERMOLD more effective trade show with active negotiations.

Business meeting with global enterprises, international associations related die, mold, metal stamping business, automobile industry, aerospace industry or etc.
It would be a meaningful opportunity for exhibitors to meet future customers and it would be also attractive contents for visitors.

Business Exchange

Business exchange with materials process technology, automobile industry, aerospace industry

1) International Business meeting

- JETRO project, attract overseas enterprises
- Meeting with procurement dept of any enterprises in Japan or overseas.
- Meeting with Overseas die and mold industry association
- Lecture for overseas expansion or investment

2) Automobile business meeting

- Countoffer meeting - Development corporation
- Collaboration with local association

3) Regional meeting

Past Record

"OVERSEA BUYERS MEETING" Organizer: JETRO
[Invited companies from overseas]
ATAKA TECHNOLOGY
INDONESIA, PT (Indonesia)
OURO FINO (Brazil)
Intercos-IV (Russia)
KANSEI Co., Ltd. (Thailand)
RAYCO TECHNOLOGIES PTE LTD (Singapore)
[Total 89 meetings]

SAMSUNG ELECTRONICS CO.,LTD.

[Members from Samsung]
Samsung Korea: 11 persons /Samsung Japan: 3 persons / related company: 17 persons
[Presentation companies]
10 companies (selected in advance.)

INDONESIA MOLD AND DIE INDUSTRIES INFORMATION

Organizers: JETRO and Indonesia Mold and Die Industry Association
Presentation and business meeting with Indonesian enterprises.
[Participants]
From Indonesia: 17companies / From Japan: 13 companies

SPACE APPLICATION FORM

(Please type or print)

We hereby request for reserving the exhibit space in

- INTERMOLD Die and Mold Asia Japan Metal Stamping Technology Exhibition

*5% consumption tax is included in the below cost.

BASIC TYPE () Booth(s) × ¥336,000 / booth = ¥ _____

SHELL SCHEME TYPE () Booth(s) × ¥409,500 / booth = ¥ _____

in Single Line Double Line

※Double Line possible for more than four booths only.

We agreed the regulation shown in this homepage, and we are fully responsible for the necessary cost for the participation.

Company : _____

Address : _____

Country : _____

Invitation letter for VISA necessary unnecessary

*The secretariat office does NOT issue such a document to exhibitor directly.
 The exhibitor who needs Visa to enter Japan have to get it by yourself.
 To Chinese exhibitors, please consult with our agency in China.

Zip Code : _____

Telephone : _____ Facsimile : _____
