Auto Parts Manufacturing
Technology Fair

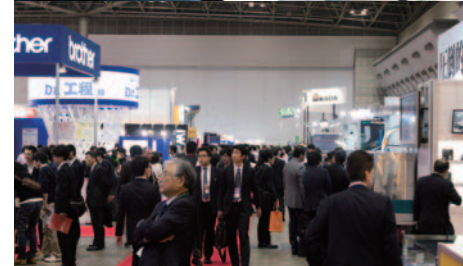

Aero Parts Manufacturing
Technology Fair

All the steps of manufacturing starting from the mold manufacturing.

INTERMOLD has been leading Japanese mold industry more than 25 years as an exhibition to showcase state-of-the-art mold technology in Japan. Nowadays the manufacturing industry is globalized. We need a platform to offer companies with a global competitive advantage can deliver the latest technology and information, and execute active business communication. INTERMOLD is making an aggressive approach to automotive parts, aircraft parts and electronics industries which work closely with molding industry. The showcovers parts manufacturing and surface treatment as well as highlighting additive manufacturing and 3D printers as a Special Theme to promote a new business matching between exhibitors to visitors.

We believe you can get a lot of business opportunities with this comprehensive business platform which offers contact to all the steps of manufacturing starting from the mold manufacturing.

OUTLINE

OSAKA

One or two booth(s) applicants are charged JPY54,000 as a corner booth request. Three booth and more applicants are excluded.

NAGOYA

Cluster of
Automobile
Industry

INTERMOLD Launch in Nagoya, Aichi

For people in the manufacturing industry, Aichi prefecture is the central city of the automobile industry. Not only world famous automobile manufacturers, TOYOTA, MITSUBISHI have the headquarters there, but also lots of parts manufacturers are positioning around that. The share in Aichi records 25% of the finished automobile and it could say Aichi is leading Japanese economy and technology.

Based on "The innovation plan for Aichi automobile industry", the industry is aimed at developing technology targeted at small and medium sized companies, innovating materials, systems, energy and IoT for next-gen vehicle, and further promotion for secure and safe communities.

For INTERMOLD, this challenge is necessary to promote Japanese mold and die technology to the world.

We hope INTERMOLD brings new opportunity for all related manufacturers in central Japan.

REASONS WHY THEY ATTEND

- Determine purchasing of equipment / Products
- Collecting information for replacement of equipment / product purchasing
- Seeing for new business partners
- Researching the latest products
- Researching industry trends
- Researching information of competitors

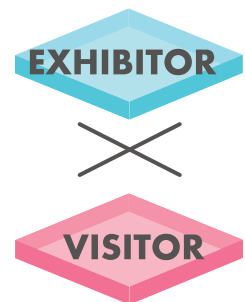

BUSINESS SEMINARS/ BUSINESS MEETING PROGRAMS

Various business seminars have been arranged in INTERMOLD. We invite foreign participants / associations who are interested in organizing their own business meeting to meet with our exhibitors includes the member of Japan Die and Mold Industry Association and Japan Metal Stamping Association or visitors.

PREVIOUS RECORDS

- Business Seminar by Tool Manufacturer's Association of Turkey(UKUB)
- Invitation of overseas buyers and Business Meeting by JETRO (Japan External Trade Organization)
- Business Seminar by Embassy of the Republic of Turkey and Tool Manufacturers' Association of Turkey (UKUB)
- Business Meeting by Ministry of industry of the Republic of Indonesia
- Business Meeting by Indonesian Mold & Dies Industry Association
- Business Meeting by Brazilian National Die & Tooling Association (ABINFER)
- The Overseas Human Resources and Industry Development Association (HIDA), etc.

BUSINESS SEMINARS

Many kinds of seminar by exhibitors, related associations in Japan or overseas will be held during the show period. You can have your own presentation of new product release, manufacturing industry on your country, investment seminar, etc.

GLOBAL NETWORK

Need to attract the world-leading manufacturing technology to your show? INTERMOLD become a bridge between your exhibition and Japanese manufacturers.

INTERMOLD Development Association, the management office of INTERMOLD has built partnerships with organizers and management offices of international exhibitions related die, mold, metal stamping, machining tool, additive manufacturing, 3D printing, etc.

We help Japanese manufacturers to expand their business and meet new customers in the world with this valued resource and our own experiences that we have managed INTERMOLD successfully for over 29 years.
