ALL THE STEPS OF MANUFACTURING STARTING FROM THE MOLD MANUFACTURING.

INTERMOLD has been leading Japanese mold industry more than 30 years as only one exhibition to showcase state-of-the-art mold technology in Japan. Nowadays the manufacturing industry is globalized. We need a platform to offer companies with a global competitive advantage can deliver the latest technology and information, and execute active business communication.

INTERMOLD is making an aggressive approach to automotive parts, aircraft parts and electronics industries which work closely with molding industry.

The show covers parts manufacturing and surface treatment as well as highlighting additive manufacturing and 3D printers as a Special Theme to promote a new business matching between exhibitors to visitors.

We believe you can get a lot of business opportunities with this comprehensive business platform which offers contacts to all the steps of manufacturing starting from the mold manufacturing.

“ORIGIN OF MANUFACTURING”

“The Machine Parts and Tooling Industries that support the development of core industry”
We propose consistent solutions from the latest mold technology to metal stamping technology.

“Maximize of the exhibition effect at the trade fair.”

Holding an online trade fair

- Although various sales activities are restricted due to COVID-19, we will disseminate information and collect data from involved parties by holding an online trade fair.
- Holding special lectures and technical seminars online
 Attract new customers by holding pre-events

“Continuous announcement of trade fairs”

Collaboration with exhibitors (exhibitor's own events)

- We will archive exhibition information as useful content and disseminate information before and after the exhibition period, aiming for continuous exhibition effects.
- In order not to make the exhibition an event only during the holding period, we will cooperate with the exhibitor's own event, and will announce "such as holding an after seminar" and cooperate in planning during the follow-up period after the exhibition period.
- The exhibition which will be held in April at the beginning of the year will be positioned as the start plan of the exhibition, and will be linked with the subsequent plans to aim for synergistic effects. (Private show, factory tour, cooperation with technical seminar, etc.)

When the exhibition is canceled due to the spread of infectious diseases such as COVID-19 ※Refer to the regulations

If the organizer cancels the exhibition in advance, the amount specified on the right will be refunded from the paid exhibition fee.

As for infectious diseases such as the spread of COVID-19, cancellation due to force majeure such as natural disasters, etc.
