ALL THE STEPS OF MANUFACTURING STARTING FROM THE MOLD MANUFACTURING.

INTERMOLD has been leading Japanese mold industry more than 30 years as only one exhibition to showcase state-of-the-art mold technology in Japan. Nowadays the manufacturing industry is globalized. We need a platform to offer companies with a global competitive advantage can deliver the latest technology and information, and execute active business communication.

INTERMOLD is making an aggressive approach to automotive parts, aircraft parts and electronics industries which work closely with molding industry.

The show covers parts manufacturing and surface treatment as well as highlighting additive manufacturing and 3D printers as a Special Theme to promote a new business matching between exhibitors to visitors.

We believe you can get a lot of business opportunities with this comprehensive business platform which offers contacts to all the steps of manufacturing starting from the mold manufacturing.

“ORIGIN OF MANUFACTURING”

**“The Machine Parts and Tooling Industries that support the development of core industry”
We propose consistent solutions from the latest mold technology to metal stamping technology.**

“Maximize of the exhibition effect at the trade fair.”

ONLINE Exhibition Project

- Although various sales activities have been restricted due to COVID-19 pandemic, we will disseminate information and collect data from involved parties by holding an online trade fair or any activity online.
- Holding special lectures and technical seminars online.
- Attract new customers by holding pre-events.

“Continuous announcement of trade fairs”

Collaboration with exhibitors (exhibitor's own events)

- We will archive exhibition information as useful content and disseminate information before and after the exhibition period, aiming for continuous exhibition effects.
- In order not to make the exhibition as an event only during the show period, we will cooperate with the exhibitor's own events such as private shows, technical seminars or factory tours. Please consult with the secretariat.

“Catch the industry demands”

- The exhibition which will be held in April at the beginning of the year will be positioned as the start planning of the exhibition, and will be linked with the subsequent plans to aim for synergistic effects.
- Nagoya, Gifu and Mie are the congested areas of material industries, and the center of automobile industries. Exhibitors can appeal the parts or material technology to Tier 1, 2 and 3 companies. Visitors are not only from these 3 area but also from the neighboring region. That is the unique point of the show in Nagoya.

BUSINESS SEMINARS/BUSINESS MEETING PROGRAMS

Various business seminars have been arranged in INTERMOLD. We invite foreign participants / associations who are interested in organizing their own business meeting to meet with our exhibitors includes the member of Japan Die and Mold Industry Association and Japan Metal Stamping Association or visitors.
